

Peninsula Health

Request for Elective Admission

At Peninsula Health we are passionate about providing a health service that meets the needs of our community. For those patients who are to have elective surgery at either Frankston Hospital or Rosebud Hospital, this elective surgery pack will provide our clinical coordinators with the necessary information to place you on the waiting list to help identify any health or social issues that may need attention before and after your treatment.

Instruction for completion of forms:

Doctor to complete

- Request for elective admission form
- Consent with the patient or representative
- Progress Note page available if any clinical documentation is required.
- Please supply any relevant results, letters and reports for hospital records.

Patient or representative to complete

- Pre admission Service Questionnaire

When completed, please return this pack in the pre-paid envelope provided

If you have any difficulties completing the Pre Admission Service Questionnaire, please ring:

9784 7340

Please understand that failure to complete these forms (which we require to assist with active management of your fitness for surgery and discharge planning) may result in your treatment being unnecessarily delayed.

Please notify the hospital if you change your name, address or phone number.
