

Career Action Plan: Year 10

My Goals

My name: Poojitha SIVAKUMAR

My top 3 career or industry choices and pathways to them are:

Medical Practitioner

Step 1

Organise year 10 work experience at a hospital

Step 2

Complete VCE subjects that get me into Medicine at Uni

Step 3

Work as a volunteer worker at a hospital

Step 4

Apply for training in medicine in a hospital in my last year of Uni

This career involves:

diagnose physical and mental illness, disorders and injuries

I would like this career because:

Biology, Chemistry, Maths methods, English

The University or TAFE course I need to complete to get to this career is:

The prerequisites for entry to the course (if any) are:

Medicine in University

Biomedical Engineer

Step 1

Find a

Step 2

Step 3

Step 4

This career involves:

I would like this career because:

The University or TAFE course I need to complete to get to this career is:

The prerequisites for entry to the course (if any) are:

Physiotherapist

Step 1

Step 2

Step 3

Step 4

This career involves:

I would like this career because:

English, Biology, Maths methods

The University or TAFE course I need to complete to get to this career is:

The prerequisites for entry to the course (if any) are:

Physiotherapy at University

I will stay at school to complete VCE or VCAL: Yes

More of my goals:

In the next year I would like to achieve:	What could stop me from achieving my goals?
1. VCE unit 3 & 4 results- ATAR	Lack of organisational skills
2. Gain more knowledge in depth in particular subjects	Disrespect
3. Good ATAR scores	Unorganised

In 3-5 years time I would like to achieve:	What could stop me from achieving my goals?
1. My Biomedical Engineering degree	ATAR acquired might be below the standard
2. Join a Medical School	Sometimes the seats at university that I desired for might be full
3. join a university and then get an entry to a medical school	Most times the required pre-requisites might not match with the ones done at high school

Who will help me with my goals?

Name:	How will they help:
1. Teachers	Clears all the doubts
2. Parents	oral and moral support
3. Friends	Be a good companion

I want to achieve my goals because / the benefits of achieving my goals are:

I want to achieve my goals because they are a leading pathway to my future career desires. The benefits of achieving my goals are that then those goals have a wider range of options where again i get to choose what interests me.

In Year 11 my plan is to:

Undertake VCE to achieve an ATAR score for University: **Yes**

Undertake VCE with the aim to continue at TAFE after year 12:

**** Undertake a VCE subject 3 & 4: Yes**

* Undertake Year 11 VCAL as I don't need an ATAR score for my pathway:

* Undertake a VET course or Certificate II or III study:

*Undertake a School Based Apprenticeship:

* Speak to Careers staff for approval or further information.

**** Speak to your Coordinator to discuss if you have the opportunity to undertake a Unit 3 & 4 study.**

The VCE subjects I would like to take next year (if applicable) are:	
1. Business Management	4. General Further 3 & 4
2. Chemistry	5. Biology unit 3 & 4
3. English	6. Accounting
