The Australian Immunisation Register records immunisations given to people of all ages in Australia. Immunisations given before 1 January 1996 are not displayed on the statement.

Every effort is made to ensure that the information contained on the Australian Immunisation Register is correct. The data is based on information provided by vaccination providers and the accuracy of data is dependent on the quality and timeliness of information provided.

If an immunisation is missing from this statement and was given more than one month ago, your vaccination provider will need to send the missing information to the Australian Immunisation Register. If any of the immunisation details shown on the statement are not correct, please ask your vaccination provider to provide the correct details by calling us on 1800 653 809 (call charges may apply).

If you have any questions about this statement, please call the Australian Immunisation Register on the number above.
