

Parental Means Test

Your Parent(s)/Guardian(s) are required to provide details for the Parental Means Test by **01 September 2020**.

Please print this page and give it to your parent(s)/guardian(s) for their reference.
To protect your online security, we recommend you:

- keep your verification code in a secure place
- do not share your verification code with anyone other than your parent(s)/guardian(s)

What is the Parental Means Test?

The Parental Means Test measures whether your parents are able to financially support you while you are a student or apprentice.

Why are my parents details required?

Centrelink is assessing you as dependent for Youth Allowance purposes. This means your payment rate may take your parent(s)/guardian(s) income into account.

How do my parents provide the details online?

Your parent(s)/guardian(s) provide these details online. To do this your parents should:

Sign in to their Centrelink account

or

go to [servicesaustralia.gov.au](http://www.servicesaustralia.gov.au) (<http://www.servicesaustralia.gov.au>) and search for 'Advise Parental Income'. They will need:

- their verification code: **sIEG2T091t**
- their details (their name, date of birth and contact details)
- your details (your name and date of birth)
- their income details.

You cannot provide these details on their behalf, nor can they provide them from your Centrelink account. They must provide these details themselves.

Further Information

For further information on the Parental Means Test please refer to the [claim information for Youth Allowance](https://www.servicesaustralia.gov.au/individuals/enablers/income-and-assets-test-youth-allowance/30876) (<https://www.servicesaustralia.gov.au/individuals/enablers/income-and-assets-test-youth-allowance/30876>).
