

Save our bridge: arguments

Assessment report

Name: Vishnu Sivakumar

Date: 20/04/20

Learning objectives

- a Identify statements for and against a proposal.
- b Produce a discussion text to present both sides of an issue.
- c Use visual grammar to attract the attention of an audience.
- d Shape and edit written and visual elements to create a discussion text as a presentation.
- e Articulate an opinion on social, economic and/or environmental aspects of the issue.

Learning objective: a					
For or against?	Statement chosen by student	Correct statement	For or against?	Statement chosen by student	Correct statement
against ✓	Families love picnicking in the leafy park on the riverbank. ✓		for ✓	The cost of repairing the old footbridge would take money that should be spent on a new bridge. ✓	
against ✓	Young people feel the footbridge is a safe, traffic-free route into town. ✓		against ✗	People making deliveries to businesses in the main street would save time if there was a new bridge. ✓	
against ✓	People enjoy fishing from the old footbridge because it is safe and convenient. ✓		against ✓	Visitors enjoy the quiet atmosphere of the town without the heavy traffic that the new bridge would bring. ✓	
for ✓	Most shoppers would like a short, easy drive to the shops. ✓		for ✓	Shopkeepers believe that the new bridge would bring more people into town, which would be good for business. ✓	

Learning objective: e

Do you think the new bridge should be built?

I don't think that the new bridge should be built since residents should be valued more than visitors.

Assessment report

Name: Vishnu Sivakumar

Student choice for beginning	Correct choice for beginning
Opinion is divided over whether the new bridge should be built. 	

Learning objective: b, c and d		
	Student's image choices for presentation	Correct image choices for presentation
Shopkeeper	 	
Shopper	 	
Deliveries	 	
Finance	 	
Young people	 	
Fishermen	 	
Families	 	
Visitors	 	

Student choice for conclusion	Correct choice for conclusion
While there are clear advantages to be gained by building a new bridge, much that is valued in the town would be destroyed.
