Dear Hiring Manager,

I saw your job posting on the careers section of JB HI FI's website and am interested in learning more about the company. I think that my skills make me a good fit for this opportunity, and I hope to be considered for the job.

My Mechatronics degree combined with training and experience has provided me with a great foundation of knowledge and skills. I learn new processes quickly, have an eye for detail and have great time management skills. I have a resourceful approach to problem-solving, tackling challenges head-on and I consider obstacles learning experiences. I'm a people person with high energy and a lot of ambition to succeed.

I would greatly appreciate your review of my enclosed resume and outlined credentials. I believe that I can be valuable addition to JB HI FI and your business goals. At your convenience, I am available for an interview or further discussion. I look forward to your response.

Sincerely,
Vishnu Prasad Sivakumar
